

AnyDoc®

CAPTURE it™

Easily scan documents from
anywhere in the world.

Easily scan documents from anywhere in the world.

Goodbye

Mailing costs, long distance faxing costs and lost, torn and smudged documents.

Hello

Clean and instantly available digital document images, and the productivity, on-time payments and cost savings that follow.

Accounts Payable

manager: “We have over 100 remote locations—and a smooth invoice workflow. Each easily scans and uploads their invoices to corporate, and we pay the right amount, on time, every time.”

Do you need to scan and/or email just a few business documents? Or maybe your company needs to remotely scan thousands of documents from distributed locations around the world. Either way, AnyDoc® CAPTUREit™ is the perfect scanning software solution for both needs—and everything in between.

One CAPTUREit™ user, a national restaurant chain, used to overnight invoices from each remote location to their corporate headquarters. Every day, volumes of envelopes arrived at corporate stuffed with quickly aging invoices. The company was incurring a massive mailing expense—and delaying invoice processing.

Now, each location scans their invoices and automatically sends the images to their corporate headquarters via the Internet with CAPTUREit™. Data is then extracted, processed and formatted for export to their back-end system using OCR for AnyDoc®. Invoices are processed faster. The company is hitting more early payment discounts. And mailing, faxing and long distance phone charges have been drastically reduced.

CAPTUREit™ can have a similar impact on your business too. The software can work as a stand-alone scanning solution. Or, you can use CAPTUREit™ as part of an end-to-end OCR for AnyDoc® automated document and data capture and processing solution.

Eliminate unnecessary costs. Speed document processing. Find important documents when you need them—instantly. You can get started quickly with a proven implementation process and an easy-to-use interface.

With CAPTUREit™ you can:

- » Scan where the documents are—and process where the systems are.
- » CAPTUREit™'s TWAIN interface ensures compatibility with any TWAIN driven scanner.
- » Scan and email documents “on-the-fly.”
- » Manage global, enterprise-level scanning operations of thousands of documents daily.
- » Ensure clean images with CAPTUREit™'s Quality Assure (QA) phase.
- » Speed up downstream business processes that count on clear documents.
- » Create images in PDF, JPEG and TIFF formats.
- » Achieve ROI quickly by eliminating faxing, mailing and long distance phone charges.
- » View, append and reorder images in CAPTUREit™'s multi-image viewer.
- » Organize documents by creating sets, batches and defining attachments.
- » Automatically schedule documents to upload at the right time for you.
- » Save different settings as profiles to expedite consistent or repeatable jobs.

IT director: “Our scanner investment is protected. CAPTUREit™'s TWAIN interface ensures compatibility with our TWAIN driven scanners.”

- » CAPTUREit™ allows operators to view multiple images simultaneously with easy drag-and-drop reordering and document sets indicated on the left side, or defined with color coded separators. Also delete, replace and insert images as necessary.

AnyDoc®

CAPTUREit™

Automation Process Diagram

Gain a powerful edge throughout your organization.

Use CAPTUREit™ for everything from on-the-fly scanning of just a few documents to full production level – capturing thousands of document images per hour. Built-in Quality Assure features ensure consistent top-quality images every time.

With CAPTUREit™, you can batch, view, append, reorder and insert scanned documents.

Key Features

» **Scanner interfaces**

The TWAIN scanning interface enables users to utilize the maximum scanner functionality without buying additional software or hardware drivers. It also provides full support for Kofax® hardware and software, including VirtualReScan (VRS).

» **Local or remote scanning**

Scan all the documents at your remote locations throughout the world and transmit them to your central location business applications. Duplicate output can also be directed to remain at the remote scanning location while being simultaneously transmitted to the central office.

» **Computer scanner support**

Full support for scanner features including Kodak's dual stream capability to produce both color & bi-tonal images simultaneously via TWAIN.

» **On-the-fly scanning**

CAPTUREit™ turns your production scanner into a quick and easy ad hoc scanner for any small job.

» **Remote transmission encryption**

CAPTUREit™ provides built-in security with images protected by NT packet-level (128 bit) encryption.

» **Image quality assurance**

With CAPTUREit™ you can batch together, view, insert, append and reorder scanned documents. Additional features allow you to perform drag-and-drop image renumbering, view by imprinter string or sequence, rotate images, delete images, rescan and improve image quality with image cleanup.

» **Job Scheduler**

Schedule jobs to upload during the most cost efficient time for your remote connection or release a single batch anytime.

» **Historical Reporting and Logging**

Local database for station activity as well as a central database to report on every CAPTUREit™ station's activity.

» **Scan directly to multiple formats**

Scan documents directly into PDF, JPEG or TIFF formats. When finished, CAPTUREit™ allows you to email scanned images to quickly complete your task.

» **Ability to print patch pages**

Print patch pages to handle your most complex production needs.

Complete Line of Products

AnyDoc Software has been developing award-winning document, data capture, and classification solutions since 1989. Thousands of companies worldwide rely on AnyDoc solutions to eliminate millions of hours of manual data entry while improving productivity and accuracy. Our products and solutions all operate from the ease-of-use, stability, and enhanced functionality obtained from years of experience and innovation.

Software Products

OCR for AnyDoc®

Automatically capture data from nearly any business document. Eliminate the costs and errors associated with manual data entry.

Infiniworx®

Simplify and automate how your company processes documents with this innovative drag-and-drop workflow development platform.

AnyDoc®CAPTUREit™

Scan documents from anywhere in the world, perform quality assure, and send images over the Internet to a central location for processing.

AnyDoc®DESIGNit™

Easily design your own professional forms for printing or to use as a template in OCR for AnyDoc processing with easy-to-use click and select toolbar features.

AnyDoc®EXCHANGEit™

Convert extracted data to a variety of file formats for use among multiple applications. EDI, XML, ASCII, and others are available, as are APIs to leading document management solutions.

AnyDoc®MANAGEit™

Optimize your AnyDoc processing with real-time monitoring of batch level status, station activity, pending work, and more.

AnyDoc®VERIFYit™

Perform data verification at a central location or off-site—allowing you to save valuable office space. Ensure data accuracy, no matter where your employees are located.

Market Solutions

AnyDoc®CLAIM™

Automatically process CMS-1500, UB04, and dental healthcare claim forms.

AnyDoc®CLASSIFY™

Automatically sort, batch, and route all your documents, quickly and easily.

AnyDoc®EOB™

Automatically capture, validate, and balance EOB data from all your payers—and increase productivity and decrease processing time while lowering costs.

AnyDoc®INVOICE™

Automatically process invoices to lower manual data entry costs and turn incoming invoices around in hours instead of days.

AnyDoc®REMIT™

Automatically capture remittances and checks and the associated critical data for much quicker input into your financial or ERP systems.

AnyDoc®Patient Records™

Minimize human error by automatically identifying, sorting, indexing, and capturing information from patient records.

AnyDoc®MORTGAGE™

Get critical loan information into your mortgage processing system quickly and with even greater accuracy by minimizing manual data entry and pre-sorting.

AnyDoc®NOTICE™

Provides quick identification and data capture of insurance policy notices—speeding processing and increasing opportunities for revenue generation.
